Wanted: OLV Daddy Daughter Dance Coordinator

The annual Daddy Daughter dance scheduled for Saturday, February 10, at 7 p.m. in the school gymnasium is a wonderful evening for our OLV girls and their dads! Dancing, treats, and socializing make for a night to remember. In order to make this a special event, we need many helpers to setup the gym (9 a.m.-1 p.m.), to help at the dance (7-9 p.m.) and then to help clean-up after the dance. This is also the last year for our current coordinator. So if you have any interest in helping to keep this event on our calendar for next year, please volunteer a few hours and see how the event is run. Thank you!

Calling all students in grade 3-5 for the OLV Science Fair Thursday, April 26

If you would like to participate in this year's Science Fair, please complete a project entry form and return it to your teacher by March 28. Your project will need to be completed on your own time and done by April 25. Projects can be done individually or with up to 3 students working together. You may choose any science topic, but you should go through the process of the scientific method to come to a conclusion. Each completed project will need to be displayed on a tri-fold board to be judged and include a written research report.

Students should use the following checkpoints to help you stay on track:

- January 22: Science Fair introduced
- March 28: Deadline for entry forms (turned into your teachers)
- April 25: Project drop-off day to the science lab
- April 26: Drop off of any "extra" materials (for display) in the cafeteria between 2:10-3:30 p.m.
- April 26: Evening Science fair at OLV

Entry forms and information can be found in the school office. Please pick up a packet if you are interested. Remember, only projects with an entry form will be allowed to be entered into the fair. You need to have a testable question. Science fair is NOT building a volcano and exploding it. It is thinking about something scientific that interests you and testing that idea out.

Judges will judge science fair projects the afternoon of April 26. Ribbon and awards will be displayed for projects the evening of the 26th of April. Students will bring home science fair projects on April 27. If you have any questions about science fair, please contact Mrs. Marcou, Middle School Science Teacher, at JMarcou@olvnorthville.net.
